

Senior/Principal Statistical Programmer

Job Department: Statistical Programming

Location: Maidenhead, UK or Verona, Italy

Job Type: Full time

Position Description:

As a Senior/Principal Statistical Programmer, you will work as part of our global programming team that's dedicated to providing the highest quality programming services to our pharmaceutical and medical device clients. Supporting large and small-scale drug development trials, you will play an instrumental part in coordinating programming tasks for studies across Phases I-IV.

Principal responsibilities include:

- Lead programming tasks including management of project budget, timelines and strategy
- Support with the management and mentoring of junior colleagues
- Production and validation of reliable statistical analysis using SAS
- Programming CDISC structured datasets
- Provide a professional interface with customers

Skills and Experience Required:

- Experience writing and reviewing database specifications, using CDISC standards
- Experience of creating Define.xml and validation via OpenCDISC
- Previous experience as a Lead Programmer within a CRO environment
- Substantial experience of programming datasets, tables, listings and figures using SAS

To apply for this position, send your CV, along with a cover/presentation letter, to careers@crosnt.com with the job position in the subject line.

CROS NT CAREERS

As a global Contract Research Organization (CRO), CROS NT enhances clinical trial outcomes and optimizes vendor oversight with data-driven services and solutions. With over 25 years in business, CROS NT relies on its heritage in data-centric solutions to provide expert biometrics and data science services (data management, biostatistics programming and analysis), medical writing, pharmacovigilance, regulatory consultancy and clinical project management and monitoring. We have offices in Europe, the United States and India.

People are at the heart of CROS NT's philosophy, which is focused on providing a centre of excellence to its customers, and we believe in empowering our employees to think differently, work creatively and challenge the status quo. At CROS NT, you really can make a difference.

We are committed to providing the very best career development opportunities that encourage you to progress in the direction of your strengths and aspirations, so whether you're looking to develop your technical expertise, project leadership or line management skills, we work with you to help you achieve your goals.
